CIDER FARM ROUTE

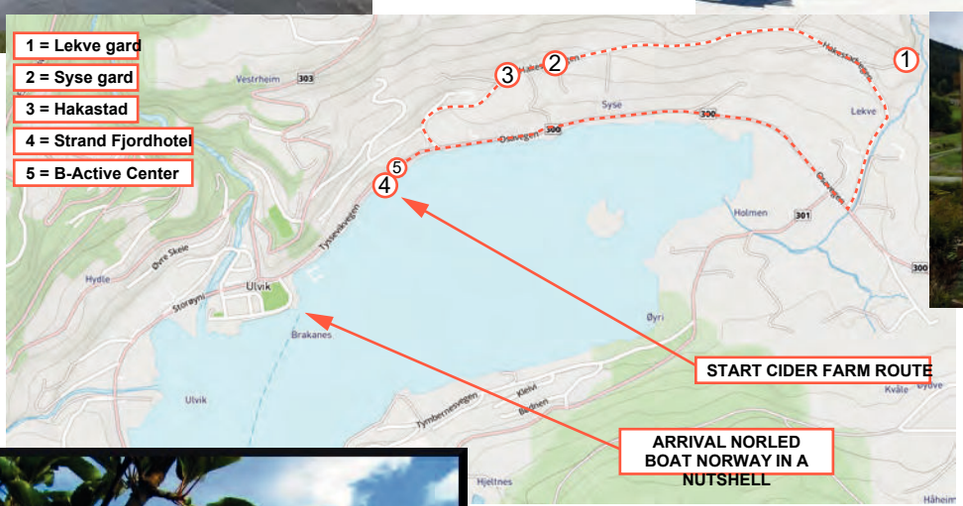
1

The activity starts at the B-Active Center (Situated inside the Strand Fjordhotel)

Excursion starts from the B-Active Center (200m walking from the NORLED boat dock. Total walking distance of the excursion is +/- 4 KM

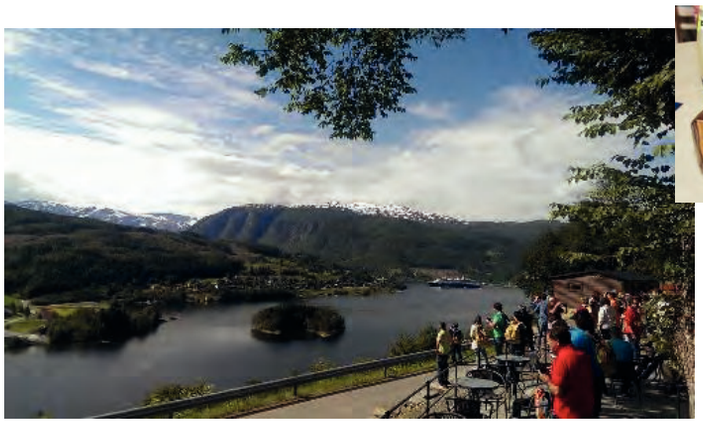
1

In case of bad weather there is a minibus available.



In May we enjoy the beautiful blossom trees and in September the many different colors of the fruit are ready to be picked

2



Lekve gard 'Hardanger Saft og Siderfabrikk is the largest producer of cider in Norway. We talk about the facility, production proces and products.

Very interesting to hear about the unique strict and even strange laws that regulate alcohol sales and consumption in Norway.

3

CIDER FARM ROUTE

4

Syse gard, a family run orchard, is a typical Norwegian farm with a rich history. Learn about how families live their daily lives on a farm while growing fruits.

Also sheep farming and traditional smoking of the meet is a part of the enterprise.

In the farm shop you can buy some home made, artisanal products

5

At Hakastad 'Ulvik frukt & Cideri' the guide talks about the passion and expertize of this local farmer. The owner of this place uses science to turn making cider into an art! His goal is to reduce loss of taste and flavour during the precesses and get as much as possible the original apple taste in the bottle. This is not as easy as you might think!

It's possible to buy his products in the farm shop

ulvikfrukt&cideri

6

From Hakastad we walk down the road to the Strand Fjordhotel. We promote and serve the products made on the farms you just visited.

Enjoy the best things in life while sitting on the terrace with this magnificent view

7

Prepare for the last and most exciting part of the route..the tasting!

A selection of different ciders and apple juices produced on the farms we just visited
