

FJORD EXCURSION

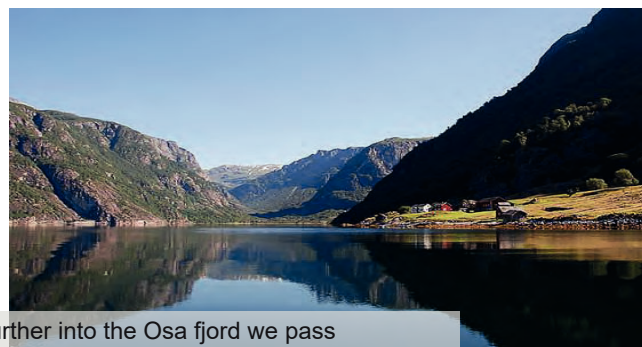

- 1 Book this activity at the B-Active Center (Situating inside the Strand Fjordhotel)

- 2 On this excursion we show you Norway at its best from the waterside. We will explore the Ulvik fjord and Osa fjord

- 3 In the old days, most shopping was done by boat since locals used the fjord as their highway. We visit one of the remaining shops called 'fjord butikk'

- 4 Further into the Osa fjord we pass Sygnestveit, a typical fjord farm. It can only be accessed by boat. Until the 1970's, people lived isolated and self sustaining.

- 5 In Osa we go ashore and show you the ISBRE water factory. This water is officially ranked as the worlds best drinking water. Of course there will be some tasting and a bottle for you.

- 6 Next stop is the 100 year old Osa kafeen where we have a pancake lunch with home made marmalades
